

SEMINARY RECEIVES THOUSANDS

A Large Bequest from a

IMPROVEMENTS
SOON TO BE MADE

Rev. R. P. Kerr, D. D., President of the
Board of Trustees—A List of the
Graduates—Commencement
Exercises Will Take
Place To-
Day.

The distinguishing feature of the close
of the ninety-first year of the Union
Theological Seminary, of this city, is the
announcement made yesterday that there
has just been recorded a contribution of
\$50,000 to the endowment fund. The donor
is Mrs. Elizabeth Dusey, of Washington,
who died a short while ago. In her will
she left a provision for the gift to the
Seminary, and a copy of the will accompanied a letter received
here a day or two ago. The only reason
assigned for her action is the great interest
she had felt in the work of the Seminary.
Mrs. Dusey was a member of the Presby-
terian church in Washington, of which the
Rev. Dr. Plizer is the pastor.

THE BOARD MEETING.
As stated heretofore, the session at the
Seminary will close to-day. During the
better portion of the day, the Board of
Trustees was in session, receiving and
passing upon annual reports and transac-
ting other important business.

At this meeting the board learned for the
first time of the new acquisition to the
endowment fund. The news was, of course,
pleasant, but as stated by Dr. Kerr last
night, the endowment of the institution is
nothing like what it should be. It is impos-
sible at the present time to have the funds
now available to conduct the institution on the
basis desired by its managers. Hence it was
determined yesterday to make a vigorous
effort to raise a large sum of money, and
to have the Executive Committee authorized
to secure as soon as possible a financial agent
who will go into the field to solicit contribu-
tions.

It is understood that the board has in
mind, among other things, a gymnasium
which would be no small addition to the
Seminary facilities.

LECTURES, REPORTS, OFFICERS.
The reports from the faculty indicated
that an excellent work has been done
during the year by the students. The board
formulated its report to the General As-
sembly and also those which were sub-
mitted to the faculty. The reports were
then controlled—Virginia and North
Carolina.

A committee was appointed to arrange
for a special series of lectures to be
delivered at the Seminary during the sum-
mer. These lectures will be delivered by
specialists and will be designed to give
to the young ministers practical information
in the conduct of church work. The
subjects they will cover will be "How to
Preach," "How to Conduct Church Services,"
"Successful Prayer-Meeting," "Church
Finance," "Foreign Missions" and so on.

The old officers of the board were re-
elected as follows: President, Dr. Kerr;
Vice-President, Dr. Plizer; Secretary, Dr.
Clarkson; Treasurer, Dr. McFadden; and
John S. Munce, of this city.

BARNUM - BAILEY CIRCUS

All Washingtonians Went to See It

General Wheeler and Mr. Swanson
Meet and Play Alphonse and
Gaston in Hotel Lobby.

Times-Dispatch Bureau,
No. 1417 G Street, N. W.,
Washington, D. C., May 12.

Sidney Clay appeared in the Police
Court here to-day and asked that the
case against himself, James Bradley and
Samuel Cowardin, all of Richmond, for
alleged violation of the eight-hour law,
be postponed until Friday.

The case grows out of a complaint
made to the Police Department by Jack
Johnson, one of the two members of a
gang of twenty-five Richmond negroes,
who are of age. They are working on
an excavation for a reservoir here.

In reply to the complaint, the men,
who are the representative of the com-
pany, who is in charge of the work, says
that his contract with the men says nothing
as to the hours they should work, and
he told them to work as long as they
could. These lectures will be delivered by
specialists and will be designed to give
to the young ministers practical information
in the conduct of church work.

Mr. Clay maintained in court to-day
that, inasmuch as he is under contract
to finish the work within a given time,
the men ten hours a day, the case con-
stitutes the "emergency" excepted in
the regulation.

CIRCUS MAD.
Washington has gone circus mad and
all its roads lead to Barnum & Bailey's
to-day. The show is meeting with un-
precedented success since its return from
a five-year tour of Europe, and although
it seats 15,000 people beneath its big tent,
the demand is greater than the supply.

One would think, from the crowds that
gather about the national capital are as
eager to see the elephant as any back-
woods town in Virginia. The small boys
of Richmond will doubtless be glad to
learn that there is a probability of their
coming to Richmond in the autumn.

ALPHONSE SWANSON.
Representative Swanson is still in
Washington. A word event, and he is
sitting in the lobby of the New Willard
talking, when General Joe Wheeler, the
intrepid little cavalry leader, who won
his stripes and his rank fighting for his
sunny Southland, and who added to his
fame by climbing trees in Cuba to locate
the enemy, walked up. The two had
served several sessions in Congress to-
gether.

"How are you, General?" said Swanson,
rising and grasping the hand of
Wheeler. "Why, I am doing fine. I am
looking better than you. When you sat with
the boys in the Ways and Means Committee
room of the House."

"That is very kind, indeed," replied
General Wheeler, "but I am after you in
looking well, my dear Alphonse."

"Since you have your whiskers trim-
med up as you have them, you look
twenty years younger than you did when
you were in Congress," added Mr. Swanson.

"Now I should say that is extremely
kind of you to express it that way," re-
plied Wheeler. "The Times-Dispatch" cor-
respondent, "you see Swanson is still in
Congress and knows how to say agreeable
things."

"I often remember the days when you
were with us on the Ways and Means
Committee," continued the Virginia Con-
gressman, "and you generally managed to
get us on the right side of things."

"Now that is real kind of you to say
so, but I think we were both usually
right."

After a few more compliments, Al-
phonse Swanson and General Wheeler parted
without either coming to grief for his
politeness.

And by the way, General Wheeler does
look as dapper as ever. He is wearing
a coat of a new cut, and he looks like
he could climb trees in Cuba to locate
the enemy. The two had served several
sessions in Congress together.

FREDERICK H. FARRAR, of Richmond,
and Lillian Myrtle Roberts, of Mineral, Va.,
were married here to-day.

James H. Muller and Alice V. Grady,
both of Richmond, were given a license
to marry.

TRANSEERS AND DISCLOSED

The Manchester Council Re-
fused to Extend Thanks.

RESOLUTION DEFEATED

Mr. Owen Wanted to Express a Kindly
Feeling, but He Was Not Sustained.

Candidates for Council—West
Point Benefit.

Manchester Bureau Times-Dispatch,
No. 1102 Hull Street.

Mr. Bradley disturbed the placid flow
of things at the meeting of the City
Assembly last night by objecting to a
"resolution of appreciation," presented
by Mr. Owen, and nearly an hour was
consumed in the debate of the same.

The resolution followed up a letter re-
ceived by Mr. Owen from the Passenger
and Power Company, in reference to the
action of that company in issuing transfers
to Manchester passengers to either
the Transfer or the Passenger and Power
cars at Seventh and Main and Seventh
and Broad Streets in Richmond.

Mr. Owen, in view of this decision and
the benefit derived therefrom by Man-
chester people, wished to recognize such
action by a graceful resolution, but Mr.
Bradley and Mr. Pettit opposed it with
such force that it was defeated by a
vote of nine, President Wakefield casting
the deciding vote.

Mr. Bradley said the Council had for
months worked for a transfer that would
enable the holder to pass on any car
that happened to be passing at the time,
and that a transfer stipulated the car
was practically of no use. He did not
think thanks were due the Passenger
and Power Company, and he moved the
company be thanked for its action. The
resolution was laid on the table.

Mr. Pettit, in seconding Mr. Bradley's
motion, felt also that the company were
not due any thanks, and, furthermore,
said that the condition of the Passenger
Company had treated Manchester with
the utmost contempt. He said he took
great pleasure in opposing the resolution,
as ever since the consolidation of the
two companies he had been a victim of
"universal transfer" and would not be sat-
isfied until one was secured.

Mr. Sampson did not think that Man-
chester could expect more from Richmond
than the conditions of the Passenger and
Power Company of that city had refused to
grant a proposition from the Passenger
and Power Company for a universal
transfer, he could not but.

A vote declared the loss of the resolu-
tion as follows: Nones—Nunnally, Pettit,
Cox, Ward, No. 10, and Ward. Ayes—
Sampson, Cox, Grizzard, and Owen.

TO RING FIRE BELLS.
The action of the Police Commissioners
in ascending their rules providing that
the fire bells be rung by a policeman, so
as to take that duty out of the hands of
the policeman, was concurred in, and
after June 1st the duty will devolve upon
the members of the fire department.

The proposition of the Manchester
Light, Heat and Power Company to have
the Council pass an ordinance appointing
a gas inspector for the city at the ex-
pense of the Light, Heat and Power Com-
pany, was sent to the Ordinance Com-
mittee with instructions to frame a
proper ordinance.

MR. GILL RESIGNS.
The resignation of Mr. E. Gill, from
the Fourth Ward, was tendered and ac-
cepted, and the election of a successor
deferred until the next meeting of the
Council.

The petition of various merchants that
all their stores be dispensers of ice cream
and candy be taxed, was referred to the
Ordinance Committee. This measure is
designed to strike the peddlers of hok-
poky.

VOTING PLACES.
The report of the Election Committee
was read and adopted. It provided for
the following voting places:
First Ward—Hull Street.
Second Ward—Jury-room in the court-
house on Hull Street.
Third Ward—Right-hand side, No. 1118
Hull Street.

Fourth Ward—R. A. Bowen's office, in
lumber-yard on Baltimore Street, be-
tween Thirteenth and Fourteenth Streets.
NEW GAVEL.
Just before the body adjourned Mayor
Munroe arose, and in a brief speech, in
which he referred to the crude imple-
ments, such as ink-stands, penholders and
pocket-knives, that had been used by the
presiding officer in calling the body to
order, presented on the floor a new and
proper leadership, but the isolated
bands continued to advance over heaps
of dead and dying, often only individuals
reaching within a yard of the squares,
where they were shot.

Eight members of the present Assem-
bly whose terms expire at the end of
the Council year are Messrs. Nunnally
and Reams, of the First Ward; Pettit
and Fair, of the Second Ward; Owen and
Cox, of the Third Ward; and Bradley and
Gill, of the Fourth Ward. All these
gentlemen, with the exception of Mr.
Gill, will stand for re-election. Mr. Gill
has changed his residence to the Second
Ward, and he will be a candidate for
re-election from that ward with Messrs.
Pettit and Fair, as a number of his friends
have already stated that they will ask
him to run.

Mr. R. L. Patram, one of the most ac-
tive and valuable men in the Board, will
be a candidate for re-election at the
June election. Mr. Patram's friends have
signified their intention of sending him
back to the City.

Members of Council who hold over are:
Messrs. Wakefield, Sampson, Grizzard
and Ferguson.

Mr. Wakefield will return to Philadel-
phia to-day to transact more business for
the Southern Road. A number of en-
gines are being constructed at the Bal-
dwin shops.

WEST POINT BENEFIT.
Tickets for the "Big Show" at West
Point on Thursday night for the West
Point fire fund are going fast, and every
indication points to a large attendance.

The gross receipts will go to West
Point, as everything in connection with
the performance has been donated, in-
cluding the hall, the printing, the music
and the carriages to take the Richmond
performers and the boys' quartette of
the "Little Outcast" Company over from
the Hilton.

The Olympia Club, under whose aus-
pices the entertainment is to be given,
hope their friends and all the citizens
of Manchester will show their interest
in the suffering from the fire at West
Point, and contribute their mites in the
shape of a twenty-five cent ticket to the
show to-morrow night.

PETERSBURG ENTERTAINED.
The Petersburg Council entertained the
Manchester Council at their hall in Swansboro
last night, and a most happy time was had.
Mr. B. P. Owen made the welcoming ad-
dress; replied to by Mr. Kain, of Peters-
burg, and State Councillor E. W. Miner
made an address, followed by Mr. R. L.
Patram. Mr. Billy Hart entertained with
songs and jokes, and there was plenty
of ice-cream and cake.

CITY MISSION.
The City Mission will hold a meeting in
the lecture room of the Baltimore Street
Church at 5 o'clock this afternoon, at
which time a full attendance is expected.
All who desire to secure tickets for the
stock may get them from members of
the mission and help that body along
that much.

PERSONAL AND NOTES.
Robert Bass, who was injured on the
Southern Railway some time ago, is much
better, and has returned home from the
Retreat for the Sick.

Many improvements are being made at
the Southern shops.

Robert Fox, the boy who was sentenced
to the Reformatory by Mayor Maurice
several days ago, has been carried to that
institution.

Unable to interest themselves in what
was transpiring about them, no less than
five members asked to be excused from
further attendance, when President Tur-
pin made the starting signal, and only
thirteen members of the body were pre-
sent. Mr. Gordon, who had just been
granted leave to absent himself from the
chamber, kindly consented to return, in-
creasing the number by one, and giving
the desired two-thirds. But Mr. Turpin
held that a single obstinate member could
not be excused—and he could see no
other necessity for remaining, except in
view of the late hour. It was then
11:30 o'clock.

When the recommendation of the Fi-
nance Committee came up last night,
Chairman Gordon explained the or-
dinance, a full copy of which is printed
below, contemplated assessing wholesale
and retail liquor dealers alike, instead of
taxing the first named at \$400, as origi-
nally proposed. He gave a number of rea-
sons for this move.

THE ORDINANCE IN FULL.
Mr. Zimmermann made a strong talk
in favor of the measure, and presented an
amendment of \$300, whereupon Mr. Babin
himself a saloon man, asked that the
amendment be withdrawn, stating that
he thought the liquor men could stand
the additional \$400. Mr. Zimmermann
complied with the request and the ordinance
was adopted. Messrs. Washer, Satterfield
and Zimmermann alone voting in the nega-
tive. The ordinance follows:

Liquor Ordinance.
Be it ordained by the Council of the
city of Richmond, that the section of Chap-
ter 13 of the city ordinances, concerning
the levying of taxes, be amended and re-
ordained so as to read as follows:

"Taxes imposed by the preceding
section shall not include the privilege of
selling by wholesale or retail any wine,
or spirituous liquors, or a mixture there-
of, except by apothecaries furnishing the
same as medicine on the prescription of
a duly qualified physician. The privilege
shall be taxed, in addition to all other taxes,
shall be imposed, and all persons desir-
ing such privilege shall pay the sum of
one hundred and fifty dollars (\$150) per
annum."

SIXTH-STREET GRADE.
The ordinance establishing a flat grade
for Sixth Street, between Grace and
the City Hall, passed by the Common
Council, causing a deal of discussion.
Mr. Allen wishing to have the question
sent back to the Street Committee. This
action was opposed by Messrs. Zimmermann,
Babin, White, and Gunst. Mr. Allen
insisted that the question be sent back to
the Council, and a half was used up in
cross firing on the question, and then an
effort was made to hear from interested
property holders. This was voted down,
and the debate along the old line was
continued. The bone of contention seemed
to be whether the street should be paved
with asphaltum, Major Allen favoring a
rough pavement—granite spalls.

After the debate was taken up, it showed
that Mr. Allen was practically alone in
his contention and the action of the
Council was concurred in.

A resolution from the Finance Com-
mittee recommending that the City Com-
missioners establish four sub-treasury
ordinances for the payment of gas and
water bills and allowing the City Treasurer
an additional clerk at a salary not ex-
ceeding \$50 per month, was adopted with-
out debate.

The ordinance adopted is a substitute
for a similar measure which has been
pending for months.

An ordinance from the Finance Com-
mittee requiring that all express and
telegraph companies doing business in
the city be divided into four classes, and
required to pay a license fee next year
of \$100 for the first class, \$500 for the
second class, \$400 for the third
class, \$200 for the fourth class, \$200 was
read and adopted.

The ordinance from the Committee on
Electricity, providing that all affairs ap-
pertaining to electrical matters stand
referred to it, met with strong opposition,
and was tabled by a vote of nine to six.
The board rejected the measure quite
drastically and too sweeping.

As a result of the above action the
Electrical Committee will continue a body
without a duty, and Mr. Satterfield, a
member of the committee, has been em-
powered to move to have the body abol-
ished.

GO UNDER GROUND.
A resolution from the same committee
recommending that the Committee on
Electricity be referred to the Council
an ordinance giving the car and
telegraph companies a right to go under
ground in accordance with petitions now
pending, and the means of publicly
renewing a breach between the Commit-
tees on Electricity and Streets and
Shoekey Creek.

Mr. Whitte, member of the Street
Committee, proposed that the resolution
be laid on the table, stating that final action
would be taken shortly.

Mr. Gunst, chairman of the Electrical
Committee, said it looked as if the Street
Committee wished to usurp all of the
powers vested in other bodies of a like
nature. He did not think the members
any better informed or equipped to con-
sider matters appertaining to electrical
affairs than members of the Committee
on Electricity.

The motion of Mr. Whitte to table
was lost, whereupon he moved that the
resolution be referred to a committee on
this. This, too, was lost, after which
the measure was enacted.

It was now eleven o'clock and Messrs.
